

# We protect over **1.78 million vehicles** worldwide

The automotive lifestyle may appear niche, but the collector car market continues to grow. A **multi-year study** by the Hagerty Valuation Team determined that there are 31 million collector vehicles in the United States. Not so niche.

## From Quoting to Claims

No minimum production quotas, no required appraisals\*, quick online quoting and our program's dedicated specialty claims team is trained in the nuances of collector vehicle repair.

## Newer Enthusiast Cars

Offer your clients coverage that serves a growing market and includes collector vehicles from the '80s, '90s and beyond – even to present day.\*\*

## ...And Their Extended Family

Collectors often own other specialty vehicles - trucks, SUVs, boats, tractors and more. We protect those, too. For clients that own collector car businesses, our Commercial Insurance coverages are designed for their unique needs.
